## **Director's Letter**

Players and Parents,

As a result of a new found interest in the game of basketball in Morrisville, I am proud to announce the upcoming "Wolves Hoop Camp".

This camp will be conducted with the help of the Varsity Girls' basketball coach, Dave McAllister, and some of our present boys and girl's student athletes within the Peoples Academy basketball programs.

We will place a major emphasis on individual skill enhancement while maintaining an environment where sportsmanship, positivity, responsibility, and a strong work ethic are stressed. Campers will be encouraged to learn how to make themselves and their peers around them better to help promote the game of basketball.

We hope that many of our local basketball players take an invested interest in furthering their skills with this opportunity. We look forward to two fun-filled, hard working weeks in the Wolves Den.

Sincerely,

Brian Barney  
P.A. Varsity Boys' Coach and Camp Director
